

**Public Auction of Goods
Creteau Technology Center
Rochester School District**

The Rochester School District is auctioning a 100KW Generator at the Creteau Technology Center 140 Wakefield Street Rochester, NH 03867.

Machine can be viewed between 5:00 and 6:00 PM on Thursday January 10, 2019 at the Creteau Technology Center 140 Wakefield Street Rochester, NH. Generator is located in the boiler room behind the building near the dumpster. Auction will commence at 6 PM and generator will be sold to the highest bidder.

The highest bidder must present at the auction and present a bid deposit of 25% of the amount of the bid as a check payable to The City of Rochester at the time of auction. Arrangements for the safe removal of equipment during non-school hours must be made and completed prior to February 10th. 100% payment will be presented prior to removal of equipment. Failure to remove equipment prior to Feb. 10th will result in forfeiture of deposit.

The School District reserves the right to withdraw any listed equipment before the auction.

A list of equipment may be obtained at no cost from the Superintendent of Schools Office or on the District website at: www.rochesterschools.com/SAU/bids/bids.html

Inquiries can be addressed to:

Mr. David Totty
Director of Facilities
Rochester School District
