### Summer Wishes

We wish you a relaxing, safe summer filled with what makes you feel content. It was a year filled with kid's growing as friends, community members and learners. Encourage your kids to use "The Zones" to identify their feelings. A strategy if they are having a difficult time getting to green (Green = Ready to learn/listen, Yellow = hungry, tired, excited, Blue = sad and Red = anger) is to tell them to pick a strategy they use at school. We will continue to use Zones of Regulation next school year as it provides a framework for managing and responding to strong feelings.

I would be remiss if I did not mention how we appreciate working with kids and their families. No one wants calls from the principal! But, when I do call home ninety-nine percent of the time, you are kind and help create thoughtful plans of action. So, I thank you very much for the support and teamwork. Please do call if you want to share good news or worries this summer.

Much Love,  
Jen Hersom

### Thunderstorms at dismissal

If we are experiencing a thunderstorm during dismissal at 2:15 or 3:00pm, we may choose to hold students in the building until the weather is less threatening. You may come to the door and dismiss them if it feels safe to you.

### Dress Code

Our students love to play at recess. We have a fair amount of woodchips and pavement. Flip flops are hard for students to run, swing, and kick a ball. Kids frequently slide on sandy pavement with flip flops too.

### Relay recess

Relay recess: The week of June 11<sup>th</sup> we will learn about cancer prevention and healthy eating habits. We will also honor cancer survivors and caretakers. Please call if you are a survivor or caretaker interested in participating in our special assembly on Friday, June 15<sup>th</sup>.
