SMOKING BY STUDENTS

Students are not to use, store or have in their possession any tobacco products or other products that can be smoked electronically in school buildings, on school buses, on school property or at any school function. Violation will result in appropriate consequence as defined in the Student Handbook.

Students who are accessories to violation of this regulation (e.g. several students crowded into a single rest room stall where smoking is occurring) will be subject to appropriate consequence as defined in the Student Handbook.
