RECEIPT AND USE OF SEX OFFENDER REGISTRY INFORMATION

The Board recognizes that sex offenders pose a threat and danger to student safety. Therefore, it is the policy of the Board to obtain notification of persons required to register under N.H. RSA 651-B, or any successor statute, or any equivalent statute of any other jurisdiction residing near school grounds or buildings, and to use such information.

Use of Sex Offender Registry Information

Registry information will be used for the administration of law enforcement, screening current or prospective school district employees or volunteers, and for the protection of the district's students and employees.

After receiving notification that a registered sex offender is residing near school buildings or grounds, the Superintendent will notify the offender in writing that he/she may not enter the school grounds or building without the written consent of the Superintendent, except to attend public, open meetings under the Right to Know Law, RSA 91-A.
