RELATIONS WITH PARENT ORGANIZATIONS

The Board recognizes that parent-teacher organizations are a source of interest in the public schools. The district looks to these organizations as a means of promoting a finer educational program by achieving better understanding among the students, the parents and the teachers, and administrators. The district will give every encouragement to the maintenance of an enthusiastic and industrious parent organization.

The Board recognizes Parent Teacher Organizations as organizations of cooperation among parents, teachers, and administrators in the promotion of a sound program of education.
