Jump Rope for Heart

NLS is participating in the American Heart Association's (AHA) Jump Rope for Heart event during the week of April 9th. This event informs students about heart disease and prevention while giving them a chance to raise money for the AHA to fight the disease. The event will be introduced to students and collection envelopes will be sent home Friday, March 30th. Please consider assisting your child with this event. We encourage families to use the online tools listed on the collection envelopes. Students can earn some great prizes. Instructions are detailed on collection envelopes. Envelopes are due on or before Friday, April 13th, and may be returned to classroom teachers or brought to students' PE class. Please contact Ms. Drew with questions. Thank you for your support. Last year we earned \$585.57! Our goal this year is going to be \$700.00! We can do this...TOGETHER! Please allow 4-6 weeks for thank you prizes to come in.
