

IS VAPING DANGEROUS?

WHEN

November 5th

6:00pm - 7:00pm

WHERE

**Spaulding High School
Auditorium**

130 Wakefield Street, Rochester NH 03867

Experts said vaping was originally meant to help smokers stop using cigarettes, but now it has become popular with students who otherwise might not have tried smoking.

“We are finding that students that are using electronic cigarettes are four times more likely to try or to use traditional cigarettes as well,” Warnock said.
