

Addendum I
Spaulding High School Field Storage Building
Rochester School District

The following information is provided for clarification to all bidders who attended the mandatory pre-bid conference for the Spaulding High School Field Storage Building Project.

- All bidders should include a Performance Bond in their proposals.
- All personnel (contractors and sub-contractors) working on school property must be background checked by the Rochester School District before they start work. The successful bidder will be required to pay \$48.25 to the District for each background check conducted.
- Utility connection by owner.
- All proposals should include a written description of the scope of work to include dimensions.

Any questions or concerns can be addressed to:

David G Totty
Director of Facilities
Rochester School District
