STUDENT ORGANIZATIONS

Students may form as many organizations as they desire so long as they are neither restrictive nor secret in nature.

Any student organization must have an adviser or a sponsor, who must be present at all meetings and sponsored events.

Any new student organization must be approved by the Rochester School Board.

All student organizations should operate under a constitution which explains the purpose of the organization, lists by-laws and election procedures.

The Principal will annually report to the Board student organizations that are no longer active.

Adoption Date: April 8, 1993
